FATAL CURIOSITY.

FOREMAN'S STRANGE DEATH.

WYND UNDER IRUNAWAY LORRY.

A singular accident, resulting in the death of a Chinese is reported from a New Territories station. On Friday last, whilst the driver of a motor-lorry left his place to go inside the brick-works near the Castle Peak road, he was spurred by curiosity to look over the driving gear, and in so doing he fell forward. He must then have been unable to do anything to stop the vehicle, for, after a little distance, the lorry ran into a pond and overturned. When a rescue party, some time later, extricated the body from under the machine, it was found that he was in a very bad condition from swallowing a large amount of water. He died a few hours after.

SUGAR NUISANCE.

CAUSES ANNOYANCE AT MACAO.

A Macao correspondent writes that large numbers of boats have recently been coming to Macao, much to the annoyance of the authorities and the public.

LOCAL SHIPPING ITEMS.

WING BOATS' TRYING PASSAGES.

A prominent vessel arrived yesterday from Saigon and reported very bad weather on the way, the monsoon at times being as much as Force 11 by the force scale (75 miles per hour), with tremendously high waves.

Nevertheless, her experienced master, Capt. Jensen, managed to bring his vessel up to the wharf within six days between Saigon and Hongkong. By shaping a course eastward, he was able to keep the vessel clear of the heavy contrary current which otherwise have encountered. He had followed the Annam coast and thereby achieved a result which was most gratifying to the existing weather conditions.

"ROSE DAY."

HONGKONG'S EFFORT FOR THE POOR.

In connection with the annual effort of the Society of St. Vincent de Paul on behalf of the poor of Hongkong, a "Rose Day" has been held to-day, following the precedent of several years past. Appropriately enough the day falls on the birthday of Queen Alexandra, and Hongkong ladies who have to-day been selling roses are only following the example of their sisters at home who, on Queen Mary's birthday in each year (May 26th), make a similar effort on behalf of charitable institutions.

THE WORKERS.

There were about 178 workers altogether, but it is not possible at this juncture to give the complete list. The Peak district was in the care of Mrs. H. W. Bird and friends, the Central District was under Mrs. Botelho and friends, Kowloon was organised by Mrs. Albuquerque de Castro (kindly assisted by Mrs. Easterbrook and Mrs. Innes and friends), whilst the East Point district was well watched by the girls of the French Convent. The Chinese districts were in charge of the daughters of Mr. Simon Tse Yan and Mrs. Chien Po-tien, who were assisted by the boys of the Sacred Heart English School. Mrs. T. Cashman undertook to cover the various police stations, whilst Mrs. Haslam was responsible for Repulse Bay.

The various depots were superintended by:—Mrs. C. P. Marcel (Lower Peak Tram terminus); Mrs. Lourdelo (Hongkong Hotel); Mrs. Silva Netto (King Edward Hotel); and Mrs. Osmund (Kowloon Ferry).

THE OFFICIALS.

Mr. J. M. Alves very generously placed his office at the disposal of the Committee, and the money was being counted here by shroffs kindly loaned by the Hongkong and Shanghai Bank. Mr. Alves provided all sellers with refreshments as they went to hand in their baskets and tins, the whole atmosphere of the undertaking being one of cordial co-operation and help.

It should be mentioned that Mr. Alves had the assistance of Mr. F. H. Dillon and Mr. da Graça in the work of organisation, and that the Committee of the "Poppy Day" drive materially assisted by loaning 150 baskets. The Ocean Accident and Guarantee Corporation, Limited, granted to the organisers, at a much reduced premium, a general policy covering all street risks for the workers during the day—an act very much appreciated.

A feature of the sale was the loan of the donkeys, by Mrs. L. Yates, quite a good business being done by those in charge.

Selling finished at noon, and just before going to press we learned that a sum of about \$5,000 had been realised.

MOTOR FATALITY.

MISSING DRIVER FOUND.

The driver of the motor-lorry in last week's accident, in which a woman was killed in Queen's Road West, has been arrested by the Police.

LOCAL RIVER BOAT.

TO BE MODERNISED.

Reports current locally to the effect that the river steamer Wo Ping, said to be the largest and fastest steamer on the West River run, is to be converted into a modern passenger boat have been found, on enquiry, to be correct.

This steamer, which has been Chinese-owned, is now to be sold to British interests, and her new owners are said to have arranged with the local shipbuilding firm, the Kwong Tack Cheong, to have a new superstructure built on her, with ample accommodation for first, second and third-class passengers.

It is expected that the work will take from two to three months, and that when completed there will be really first-class passenger boat on the Hongkong-Wuchow run.

INDIAN UNREST.

SPREAD OF AGITATION.

Calcutta, Nov. 30. "Swaraj" work begins in Bengal to-morrow, and will consist of an intensive campaign for raising money, which will be applied to the work in villages and rural districts.

In a speech at Patpur, Mr. Das foreshadowed that the next stage of the fight would occur in the villages, which he desired to organise co-operatively with a view to stopping "exploitation of rice, jute, and other country products by the foreigner."

The Bengal Government and Eastern Bengal Railway announce a reward of ten thousand rupees for information leading to the arrest of the persons responsible for the recent outrages, including five attempts to wreck trains in three weeks.—*Reuter.*

U. S. MERCHANT MARINE.

SHIPPING BOARD'S PROPOSALS.

Washington, Nov. 30. The annual report of the Shipping Board recommends Congress strongly to reaffirm its determination that the United States shall maintain permanently a mercantile marine commensurate with the needs of the country, from the standpoint of commerce and national defence, and also recommends the creation of a joint committee composed of representatives of the Board and the Inter-State Commerce Commission to co-ordinate rail and water transportation.

It also urges legal prohibition of preferential arrangements between the American railways and foreign shipping lines, and exemption from taxation of all earnings of American shipping employed in foreign trade, but does not enter into details as to how these aims can be accomplished.—*Reuter's American Service.*

NAVAL ARM- AMENT.

THE "ALARMING DISCLOSURES."

Washington, Nov. 30. The British Ambassador, Sir Esme Howard, in a speech here said he did not attach any importance to the charges that Britain was not carrying out the terms of the Washington Treaty for limitation of naval armaments. He pointed out that neither the United States nor France nor Italy had made any protest in London, so it was left to private citizens to make these "alarming disclosures."

Sir Esme Howard was evidently referring to Mr. Shearer's recent unsuccessful application for an injunction against the destruction of the U.S. dreadnought Washington.

EGYPTIAN TROOPS LEAVE SUDAN.

ZAGHLUL TRAVELS TO EUROPE.

Cairo, Nov. 30. No further incident is reported from Khartoum.

The two British officers killed in the mutiny were Captain MacLaren, of the Argylls, and Captain Tunks, of the Leicesters.

It is understood that Zaghlul Pasha has obtained a passport to Europe, and probably takes the cure at a French or Italian health resort.—*Reuter.*

London, Nov. 30. The general Egyptian situation is officially described as easy and more satisfactory.

Messages hitherto do not indicate the ostensible cause of the mutiny, but it is suspected that it is the work of an Egyptian agent provocateur from Cairo. The first batch of Egyptian troops from the Sudan, arrived at Cairo to-day. The last Egyptian soldier left the Sudan yesterday.—*Reuter.*

SOVIET PLOT.

PROPAGANDA IN MIDDLE EUROPE.

Belgrade Nov. 30. Commenting on the report of the discovery of certain documents in the Soviet Legation at Vienna, the newspaper *Politika* understands that they concerned dealings between Raditch, leader of the Croatian peasants' party, and the Third International for the establishment of a Soviet in Jugoslavia, a detachment of Croatia stirring up a seditious movement capable of leading to the domination of Moscow throughout Central Europe.

It appears the revolution was to break out at the end of January, on the eve of the elections in Jugoslavia, and coincidentally incursions would be made by Macedonian and Kossowian bands into Southern Serbia.

The paper states that the Soviets, through their delegation in Vienna, were sending considerable sums of money to Raditch and his agents in Bulgaria and Albania. The Belgrade Government is taking all necessary precautions.—*Reuter.*

TELEPHOTOGRAPHY.

GREAT SUCCESS ACHIEVED.

London, Nov. 30. The marked progress in the science of telephotography was demonstrated by the success with which the first transatlantic experiments there in were carried out to-day.

Numerous topical photographs were sent by radio from London to New York, each taking only a few minutes.

A New York message describes the photographs as quite recognizable. They will be reproduced in the newspapers to-morrow.—*Reuter.*

CASE OF "MR. A."

ANOTHER WARRANT ISSUED.

London, Nov. 30. It is understood that a warrant has been issued for the arrest of a second man who was freely mentioned in the Midland Bank case. It is believed he is abroad, outside the King's dominions.—*Reuter.*

CHINESE NEWS.

Peking, Dec. 1. Wang Li-tung has been appointed Tull of Anhui in succession to Ma Lien-chia, who is relieved of his post. Tseou Jun, former Civil Governor of Chihli, was taken to Hospital yesterday, where he died of diabetes.

WEST RIVER NEWS.

SOME INTERESTING ITEMS.

(Our Own Correspondent.)

Samahui, Nov. 29th. The trouble reported last week as having developed between the Yunnanese soldiers at Samahui and the two brothers of the notorious pirate chief, Luk Lang-ching, seems now to be nearing a climax. The prize they are contending for is the rich revenue-bearing Ikin station at Ma Hau.

Rumours amongst the Chinese at Samahui harbour were to the effect that serious fighting is expected there inside of a week. Otherwise, Samahui is very quiet, and the same general situation is prevailing at Shih-hing, Takling and Dosing.

On the second bar between Dosing and Wuchow, there is now only eight feet of water, and lower water than there has been for years is expected in the river for the whole of this winter. Of course, after the tremendously high floods of last summer it may be expected that most of the water having already passed out of the river, there cannot be a very great deal left to keep up the level of the water until next spring.

Only the smaller river steamers with light drafts are now able to proceed all the way up to Wuchow, the larger boats, like the Foo Cheong, the Shing On and the Wo Ping—the latter said to be the largest steamer on the river and amongst the latest—had to stop at Dosing, and discharge their cargo into lighters that later had to be towed up to Wuchow. As trade is very slack on the West River now, it may be expected that a few of the larger and deeper draft steamers will soon have to be laid up, for two or three months at least.

THOSE "TREASURES."

Otherwise Wuchow is very quiet, and trade none too brisk. I have investigated the rumours, previously mentioned by other writers, that a lot of ancient art treasures had been found while the municipal labourers were opening up the old city wall in order to repair it. I found the news to be far from correct. The facts of the case are that while a few labourers were digging under an old temple near the city wall, they found buried under the ground about twenty dollars' worth of small Canton silver coins. As none of the coins were more than fifteen years old, they could hardly deserve the name of being "ancient treasures."

THE PIRACY EVIL.

The only outstanding feature of news at Wuchow last week was that General Wong Shu-hung, the well-known Wuchow commander, who is said to have had several people executed previously, had arrested one pilot and four sailors from the motor boat Texaco No. 2 on the charge of intending to pirate their own vessel. At the time of my departure I was unable to learn how the case was proceeding. Current opinion amongst the Chinese business people is that the men are innocent. However, if anything is proved against them, it will certainly go hard with them as a firing squad and six feet of ground is the only reward meted out to robbers or pirates in the Chinese courts, whether they have actually carried out their intended piracies or not. Wong Shu-hung has already done a great deal towards preventing piracy on the upper river. He is said to take a lot of revenue from Chinese shipping himself, but at the same time he provides four soldier guards for each motor vessel's protection at the ridiculously low rate of eight dollars (small money) per man, and there are not so many pirates heard of on the Upper West River as on the Lower River. The Kowloon district and its vicinity, perhaps being the most lawless in that respect, are recent scenes

THE RABIES SCARE.

GOVERNMENT SAYS MUZZLING IS IM- POSSIBLE.

We are authorised by the Peak Residents' Association to publish the following copies of correspondence between the Association and the Government:—

Letter dated November 14th from the President (Mr. G. M. Young) and the Hon. Secretary (Mr. E. B. C. Hornell) of the Association to the Hon. Colonial Secretary:—"Our attention has been drawn to the recent case of rabies in the Peak district, resulting in the death from hydrophobia of an employee of the Peak Tramway Co., Ltd., and as it is unknown how many other dogs the affected animal may have bitten, we earnestly request that a muzzling order be brought in forthwith. With the large number of children now at the Peak, we consider it essential that means should be taken to protect them, as well as adults, from the terrible consequences of what might appear to be a harmless nip from an unsuspected dog."

Reply of the Hon. Colonial Secretary, dated November 20th.—"With reference to your letter of the 14th of November I am directed to state that the question of the introduction of a muzzling order had already received the careful consideration of the Government, but that it has been decided that circumstances do not at present warrant the introduction of such an order. I am to suggest that you should impress on the members of your Association the desirability of keeping their dogs on a leash in order to minimize the risk of their being bitten by an infected animal."

Letter from Hon. Secretary of the Association to the Hon. Colonial Secretary, dated November 25th.—"I am in receipt of your letter of November 20th, with reference to the request of the Peak Residents' Association for the introduction of a muzzling order to prevent children and adults from being bitten by dogs with hydrophobia. We note the suggestion of the Government that I should impress on the members of the Association the desirability of keeping their dogs on a leash in order to minimize the risk of their being bitten by an infected animal. If this is to be taken as a reply to the Association's request for a muzzling order to prevent children and adults, not necessarily owners of dogs, from being bitten, I very much regret that the Government are unable to suggest something more effective and beg them to reconsider the matter, which my Association consider is a very serious one."

Reply of the Hon. Colonial Secretary, dated November 27th.—"With reference to your letter of the 25th November, 1924, I am directed to inform you that the Government has fully considered the matter and is not prepared to introduce a muzzling order which, in the circumstances of this Colony, it would be extremely difficult, if not impossible, to make effective. My previous letter appears to have been misunderstood. The word 'their' referred not to the owners of dogs, but to the dogs themselves. If owners will keep their dogs on a leash, the risk of such dogs being bitten by infected animals is very materially diminished, while for the purpose of preventing such dogs from biting third parties, restraint by a leash is practically as effective as muzzling."

Letter from the Hon. Secretary of the Association to the Hon. Colonial Secretary, dated December 1st.—"I am in receipt of your letter of the 27th ult., from which I regret to note that the Government are not prepared to introduce a muzzling order, because it would be extremely difficult, if not impossible, to make effective. I am to suggest that you should impress on the members of your Association the desirability of keeping their dogs on a leash in order to minimize the risk of their being bitten by an infected animal. If this is to be taken as a reply to the Association's request for a muzzling order to prevent children and adults, not necessarily owners of dogs, from being bitten, I very much regret that the Government are unable to suggest something more effective and beg them to reconsider the matter, which my Association consider is a very serious one."

ROBBERS BUSY.

TEASHOP ENTERED.

The accountant and foker of a teashop at No. 138 Shaukiwan Road West were held up by armed robbers on Saturday night, just after closing time. Revolvers were brandished, and a sum of \$52, representing the day's takings, was taken from the counter.

No arrests have been made.

ATTACKED BY FOOTPADS.

Highwaymen, who made their appearance in Jubilee Road on Saturday, attacked two boys employed at Felix Villas, Pokfulam. One of the victims was injured seriously on the head by being hit with an iron bar, and he was also wounded in the leg.

Two men are stated to have been concerned in this attack. After injuring one of the boys, the robbers stole a sum of \$18 from him. The other eluded the attack and made good his escape.

BUS OVER A BANK.

ALLEGED DISPUTE LEADS TO FATAL ACCIDENT.

Owing, it is alleged, to a dispute between two employees of the Kai Tak Co., one of their buses went over the bank on the Kowloon City Road yesterday morning, and fell into a stream, with the result that six passengers were injured, one of them dying later in hospital.

It appears that just below Sung Wong Loi hill, Kai Tak bus No. 531 was proceeding on the journey towards Kowloon Ferry when the company's inspector had an argument with the driver as to who should take the wheel. There is alleged to have been a scuffle of some kind—anyhow, the vehicle swerved and fell over the back into the stream which flows at that spot. The injured persons were all passengers, and the one who succumbed was an old Chinese of about 70. All the casualties were taken to the Kwong Wah Hospital. One other man is rather badly hurt, but the remaining four passengers had only slight injuries.

The inspector and driver were detained by the police.

MANSLAUGHTER CHARGES.

Both appeared before Mr. E. W. Hamilton at the Kowloon Magistracy this morning, on charges of manslaughter, as the result of the old man succumbing. His Worship remarked that the man unfortunately died before he (the Magistrate) reached the hospital to take dying depositions, and remanded the defendants for one week, on bail of \$1,000 each.

as to the meaning of the word 'their' in the concluding paragraph of your letter, dated the 29th November, the entire object of our pressing for a muzzling order being to prevent children and adults (dogs were never mentioned) from being bitten by a dog suffering from rabies. As requested, we will circulate all members of the Association to comply with your suggestion of only allowing their dogs out on a leash, but this will not prevent a free mad dog biting either the dog on the leash or the owner or anyone else. In view of the importance of this question, the Committee intend to publish the correspondence on this subject in the next issue of the Peak Residents' Association Bulletin, and to discuss it at a meeting of the Association on the 10th inst.

SATURDAY'S RACES.**CAPTAIN OXSPRING
- THROWN.**

The "extra" racing season was
concluded on Saturday with the
seventh extra meeting held under
extremely favourable weather con-
ditions at Happy Valley. A very
attractive programme drew a good
entry, while the attendance left
nothing to be desired.

H. E. the Governor and party
arrived before the second race; Sir
Claude and Lady Severn were also
present and were particularly keen
spectators.

An unfortunate accident occurred
in the fourth race, the St Andrew's
Stakes of a mile and half, when
turning into the straight for home
Captain Oxspring, the rider of Mr.
L. Dunbar's Little Minch, was
unseated by the fall of his mount,
which was due, it is said, to his
being crossed by another pony.
Captain Oxspring was not injured,
although somewhat shaken by his
fall.

A feature of the afternoon's rac-
ing was the excellent riding of
Lieut. Commr. Thompson who, as
a judge of pace and an exponent of
real jockeyship, has few rivals.
His win on Clover Club in the
last 50 yards of the Troon
Handicap, and his nursing of
Rivergrass in the Kilmarnock
Handicap, to come from the tail
end to second in the last furlong
was superb.

Prince Regent played the usual
hobby with his field in the Autumn
Championship which consisted of
only Kashmir and Rothsay. It
was a procession. Whatever beats
this animal will have to be some-
thing extraordinary in China ponies,
for it seems there is nothing to
hold him at present.

During the afternoon, by kind
permission of Lieut. Colonel F. S.
Montague-Bates, C. B., C. M. G.,
D.S.O., the band of the 1st Bat-
talion E. Surrey Regt., under
Bandmaster W. F. Bradshaw,
played excellent selections.

The Stewards present were: Mr.
H. P. White, Col. Hall Brutton,
Mr. R. M. Dyer, Mr. B. D. P.
Boith, Mr. C. G. Mackie and Mr.
H. Bickett.

The Judges were: Mr. D. M.
Ross and Mr. D. E. Clark.

KIDNAPPING SCARE.**RIOT BETWEEN CHINESE

(Our Own Correspondent.)

Singapore, Nov. 20.—The baby

riot, the Chinese murdering one and
wounding several Indians. The
missing children have been traced
as being sold at Kuala Lumpur by
captors. All is now quiet.**WEMBLEY NEXT YEAR.**JOINT COMMITTEE MEETS.
The Joint Committee represent-
ing the Hongkong General and the

merce held a meeting on Friday af-
ternoon to discuss the possibility of
Hongkong being again represented
at the Empire Exhibition, next
year.Views were expressed by both
European and Chinese members,
but no decision was reached, it
being considered necessary to
obtain the views of the Chinese
exhibitors first before the Joint
Committee take any definite steps.**RUGBY.****ALL BLACKS DEFEAT
WALES.**London, Nov. 20.—New Zealand
defeated Wales by 19 points to nil
at Swansea.The game was played in sunny
weather before fifty thousand
spectators. The ground was in
good condition. After nine minutes,
Nicholls kicked a penalty goal for
the All Blacks, who carried out
several splendid attacks, following
up with great speed and tackling
thoroughly.Eventually M. Brownlie scored
a try, Nicholls converting.The visitors' defence was fully
capable of dealing with the
occasional Welsh rushes. Near the
interval, Irvine obtained an uncon-
verted try. At half time the All
Blacks led by 11 points to nil.On the resumption, the Welsh
forwards attacked for some time,
but met a very sound defence. The
All Blacks were very skilful in
handling. Svenson scored an un-
converted try, then Irvine
secured a try, Nicholls converting.
The New Zealanders kept up a
great pace until the end, winning
by 19 points to nil.—*Reuter.***TUTORIAL INSTITUTE.****FIFTH ANNIVERSARY
DINNER.**A very successful fifth anniver-
sary dinner was held by the Hong-
kong Tutorial Institute on
Saturday at the South China
Restaurant. Over fifty were pre-
sent. Many of the top-form boys
and girls attended and the guests
included Prof. and Mrs. Forster,
the Hon. Mr. Chow Shou-son, Mr.
Liang Shi-yi, Prof. W. J. Hinton
and Prof. C. A. Middleton Smith.The Principal proposed the
toast of "The King" and The
Republic of China.Mr. K. L. Leo, student-repre-
sentative, amidst applause thanked
the various guests for their kind
presence and proposed the toast
"Our Guests."In reply, Prof. Forster thanked
the hosts for the hearty manner in
which the toast had been drunk.
Continuing he said: "The success
of this Institute bears testimony to
the fact that Hongkong is keen on
education and the demand for
better schools and better teachers
is ever increasing. It is rather
fortunate that we have a
University in our midst; for the
University turns out yearly a few
well-trained teachers to meet this
demand. Besides this, the
University is an ideal place for
those who have matriculated to
pursue a higher course of study."In reply Mr. Forster thanked
the various speakers for their words of
advice, which, he said, were very
much appreciated. He then gave
a brief sketch of the history of the
Institute from its earliest days,
five years ago. Some of the past
pupils had gone to America, others
to Shanghai, a few to France, and
several had joined the Hongkong
University to pursue higher studies.
Last year one of the pupils obtain-
ed the Hongkong Government
Scholarship and the French Prize
as a result of the Matriculation
Examination. Another one obtained
the Canton Government Scholar-
ship.The speaker congratulated Mr.
Forster on the success of the Institute
and wished him every future
success.Mr. Liang Shi-yi, on behalf of
the Chinese guests thanked the
staff and students of the Institute
for their kind entertainment in
the course of his speech he
emphasized the importance of the
duties and responsibilities of the
students towards their country.**HOME FOOTBALL.****SATURDAY'S LEAGUE

A SIMPLE REMEDY FOR INDIGESTION.

There's nothing complicated about the way Bismag Magnesia overcomes stomach troubles. It just neutralises the harmful acid that's doing the mischief and it does this instantly. With the stomach and vital organs free from acid, there's no chance of fermentation, and the digestive system can do its work unhampered. The following extract from a letter is typical of thousands written by grateful users:—

"Bismag Magnesia Tablets have saved me much pain and it is so nice to feel I can eat quite what I fancy instead of just plain food."

It makes no difference whether your trouble is Indigestion, Dyspepsia, Flatulence, Gastritis, or Palpitation, Bismag Magnesia is what you want and what you must have if your stomach is to be put to rights. Get a package from your chemist NOW—and when buying, look on the wrapper for the oval 'BISMAG' sign and firmly refuse substitutes. Don't forget this if you want something that will rid you of your stomach worries, and Lack of manly vigor.

WORLD THEATRE

TO-DAY & TO-MORROW only, 5.15 & 9.15

An Intensely Dramatic Story Dealing with the Experience of a Democratic Russian Princess under the Bolshevik Regime.

NORMA TALMADGE

"THE NEW MOON"

Powerful, vivid and terrible in its effects, "The New Moon" bares much that is sensual and unscrupulous in Russia's enormities committed under the name of government, at the same time holding the attention closely through swift dramatic action, wonderfully well visualized by producer Joseph M. Schenck, Norma Talmadge and a brilliant cast.

The power of this Select Production comes very largely from the vitality of its theme and from the dramatic opportunities afforded by actual mandates issued in Russia. The structure of the story is good, and its treatment impressively realistic. When is added a cast of exceptionally high order, the values of "The New Moon" are many and strong. The performance of Norma Talmadge shows that she is constantly improving as an artist. She keeps her youth and beauty while gaining in spiritual charm and in more subtle revelation of mind and feeling. Pedro Cordova as Michail dignifies and elevates every moment of his impersonation, as does Marc MacDermott as the intense Lazoff. No less skilled are the characterizations of cunning Kamenoff by Charles Gerard, and brutal Kosloff by Stuart Holmes.

It Automatically Extends the Balance

One of the important features of the Burroughs Automatic Bookkeeping Machine is that with each posting it computes and prints the new balance on each account automatically.

This feature means quicker ledger posting, an accurate daily credit reference, prompt customers' statements, and the elimination of trial balance troubles. In fact taking a trial balance becomes merely a matter of copying balances that have already been proved.

The Burroughs Automatic Bookkeeping Machine also prints ciphers, punctuation, dates, folio, selects proper columns, tabulates from column to column, automatically. It also automatically designates with red symbols all totals, sub-totals, subtractions, credit balances, overdrafts and closed accounts—symbols that appear on carbons as well as on original copies.

You will find this Burroughs so flexible that you can handle practically all of your bookkeeping work on it. And its operation is so simple that any of your employees can quickly learn to do your work the Burroughs way.

Mail the coupon to-day. We shall be pleased to show you how the Burroughs Automatic Bookkeeping Machine will save you time and money. There is no obligation.

PEKING SITUATION.

EX-EMPEROR'S FEARS.
Peking, Nov. 1.—The ex-Emperor Hsuan Tung this afternoon took refuge in the Japanese Legation, where he is remaining. There does not seem to have been any cause for him to fear immediate danger. The refuting of the ex-Emperor is probably due to recent persistent rumours of impending trouble in Peking, at the instance of Feng Yu-hsiang, according to which the safety of Chang Tso-lin and Tuan Chi-jui are imperilled, through Feng Yu-hsiang's disappointment at not securing an important post in the new Government. Obviously Hsuan Tung had not the slightest reason to fear danger at the hands of Chang Tso-lin and Tuan Chi-jui, but if a clash occurred between Feng Yu-

hsiang and Chung Tso-lin the immediate result would be Feng Yu-hsiang's resumption of control of Peking, as his troops largely outnumber the Fengtien troops. The situation will then represent grave peril for Hsuan Tung.

The Legations were quickly made acquainted with this development, which seems to have been carried out solely on Hsuan Tung's initiative.—*Reuter.*

Tokyo, Nov. 30.—The *Asahi* publishes a special message from Peking stating that the ex-Emperor asked the Japanese Legation's good offices to enable him to proceed to Mukden. The Communications Department announces the interruption of cables with Peking.

Ex-Emperor May Travel.
Peking, Nov. 30.—The Japanese Legation is expected to make a

statement regarding Hsuan Tung. In the meanwhile it is understood that the ex-Emperor intends to visit Japan and thence go to America and Europe, but Tuan Chi-jui is endeavouring to persuade him to return to his father's palace.—*Reuter.*

WOMAN THIEF GETS TEN MINUTES!

The shortest sentence of imprisonment on record—ten minutes—was passed at Tottenham Police Court on a woman charged with stealing sheets and blankets from a house at Edmonton, and who had been on remand for two weeks for medical examination. As she had already been in custody for some time the magistrate said he would order her to be kept in the cells only until the hands of the clock pointed to 12. It was then 10 minutes to 12.

BIRTH.

SHENTON.—At the Peak Hospital, on December 1st, 1924, to Mr. and Mrs. W. E. L. Shenton, a son.

The Telegraph.

HONGKONG, 1st Dec., 1924.

HONGKONG AND
WEMBLEY.

Now that the British Government has definitely decided on reopening the Empire Exhibition at Wembley next year, there is the question of Colonial participation to be considered, and this might well be the determining factor in the result—whether or not the exhibition is to be another success, both from a financial and trade point of view. From comments we have seen in a number of contemporaries, the Dominions are disinclined to go to the same trouble which the original enthusiasm of participation aroused, but no doubt the fact that other parts of the Empire are likely to resume will appeal to patriotic sentiment and ensure further representation. Given better weather, there would be no reason why the public attendance should not be at least as great as this year, despite the novelty of the event having worn off, or certain countries perhaps not being represented. It is this possibility of the tropical nationalities not desiring to return to Wembley that we discussed when last commenting on the probability of the exhibition being reopened, and local interest centres in the chances of Hongkong being again one of the chief attractions, or otherwise.

The extracts from English newspapers, dealing with the Hongkong section, which have been published here, show that there was not an entire absence of criticism. For one thing, most of the Hongkong products appear to have been priced too high to appeal to the popular taste, and only the really wealthy were able to purchase some of the more expensive products offered. It has to be remembered that the cult of the Chinese curio is not so great at home as formerly, for now the London shops can supply all kinds of Eastern products, at fairly reasonable prices, and there is hardly a drawing room or parlour which does not boast its collection of

bronze or porcelain from Cathay. Next comes the effect which this apparent apathy on the part of the visiting public, in addition to climatic and other drawbacks, has had on the Chinese exhibitors. There was much grumbling at the beginning over the accommodation, which was not quite ready when our representatives arrived, but that was satisfactorily adjusted. The Chinese contingent returned to the Colony only the other day, and their opinion of the Empire Exhibition, so far as enquirers were able to gather, was not exactly enthusiastic. Now, the final decision of whether or not Hongkong is again to participate is to be left to their consideration. This is necessary, because without them there would be small chance of the proper atmosphere, especially in the restaurant for instance, being obtained. We hope that any objections to further representation will not prove insuperable. In view of the local section being the only bit of Wembley dealing with China and the Far East, it would be a pity were that undoubted attraction to be missing next year, apart from any considerations of future commercial advantages through this further chance of practical advertising.

Street Sleepers.

On a day upon which there has been a street collection on behalf of that section of the poor of the Colony whose wants are ministered unto by the Society of St. Vincent de Paul, it is appropriate that a few further comments should be made regarding those unfortunate whose only sleeping-places are the pavements of the city. It is clear from the letters which have reached us upon the subject that considerable feeling has been aroused over the lot of these hapless creatures who just manage to hold body and soul together, and some of whom have succumbed during the recent cold snap. If these men were merely professional beggars and work-shy, their plight would arouse no sympathy, but they are honest people anxious to obtain work but finding it difficult to do so. They represent for the most part "the odd-job man"—necessary everywhere, but who has to rely on whatever demand may exist for the services of the unskilled worker. The cost of a bed, even in the cheapest boarding house, is beyond their means, so they have perforce to sleep out in the open, huddled up in matting or old sacks. We will admit that the problem is not an easy one to handle, and that it largely results from our close proximity to Canton. We can conceive, too, of the possibility of schemes for the relief of these people being abused. But, as one correspondent expressed it, the solution of the problem should not be beyond the resources of modern civilisation. We are looking further into this matter, and in due course hope to report the result of our enquiries.

The S. P. C. A.

Turning to a more pleasant subject, we would direct the attention of all animal-lovers to the fact that the annual meeting of the local S.P.C.A. takes place on Thursday next, when it is hoped that there will be a large attendance of members present. Since its re-organisation, this body has been doing splendid work in a quiet but effective manner in the interests of dumb creatures. The result is that there is a steady diminution in cruelty to animals, for much excellent propaganda has been done amongst those who are primarily concerned with the handling of livestock which comes into the Colony. The Hon. Secretary of the Society (Mr. B. L. Frost) and the other officials have looked well after the administrative side of the work, following a sound policy, whilst we only need to consult the monthly report of the Society's activities to learn how well the organisation is served by Inspector Fisher, who is the right man in the right place, and those who assist him. There is still much work to be done, especially in educating certain classes of the Chinese on humanitarian lines, and the Society is one which every animal-lover should strongly support.

Both the Far Eastern Radio Inc., and the Radio Corporation of the Philippines, it is understood, will also have their respective franchises granted.

Miss Leo White, the comedienne, and her husband, Mr. Clay Smith, who recently returned from a Dominion tour, are now setting out on an even longer journey with their revue company. They will visit India, the Straits, Hongkong, Shanghai, Manila and Australasia. The company comprises about thirty performers and the repertoire includes all the latest revues.

In connection with the scheme to test the demand locally for a series of University Extension Lectures, the public will be interested to learn that the Vice-Chancellor of the Hongkong University is to give a free public lecture to-morrow evening on Shelley. The lecture will be given at St. John's Cathedral Hall, commencing at 8 p.m. Those who attend are advised to read Shelley's "Adonais" before coming. It is hoped there will be a large attendance.

SURREYS AT THEIR BEST.

[BY "WANDERER"]

Reproducing their very best form, the Surreys on Saturday outplayed Kowloon in practically all departments and won convincingly by five goals to two. The only real surprise was that Kowloon's debit margin was not greater. No doubt McKelvie was a much-missed man and he was probably fuming in the stand at his forced inactivity, but I doubt whether even his leadership and influence could have stemmed the tide which flowed against Kowloon for three parts of the game.

Kowloon seemed virile enough at the opening, but once the "Irons" had settled down, the match was a foregone conclusion. Fifteen minutes after the commencement, Humberstone worked his way towards goal, and, slipping it neatly to Eaton, saw the latter score from a difficult angle with a fast rising shot. Shortly after the positions were reversed, Eaton beat Duncan and Knight in turn before centring squarely across the goalmouth for Humberstone to put his side further ahead. Later, Mackles worth lobbed the ball over from the penalty line and Eaton scored a beauty with a first-time shot. The Surreys oiled off palpably in the concluding moiety, and in this way rather spoilt the game from the spectators' point of view. Butler scored a fourth when Wheeler miskicked, and then Kowloon reduced the lead following a free-kick taken by McBride. The inside-right essayed a shot at goal, Jordan headed to his feet, and Douglas was helpless to save McBride's return. The Surreys remained on top without undue exertion and Humberstone netted whilst on the run from a centre by Charlesworth. Kowloon's second goal came when Douglas, unsighted, allowed Pascoe's shot to pass through his legs.

If there was any weakness in the Surreys' side it was difficult to find. Douglas had little to do; Cooper and Jordan kicked with confidence, as well they might; and the half-backs played sound constructive as well as destructive football. Forward, Eaton was the master mind, though Humberstone's display was little short of his best this season. The whole line works harmoniously.

Beach might have saved the fifth goal had he been prepared, but, with the remainder he had no chance. Neither Wheeler or Knight were happy, though it must be admitted that the whole responsibility was thrown on their shoulders, the half-backs being all at sea. Pascoe was floundering and digging trenches in the first half, though he improved when given the pivotal position, while Duncan knew not how to hold Humberstone, though he, too, defended better when restored to his proper position, left half. Individually, the forwards showed that there is football in them, but collectively they never impressed. Their passing was largely ill-judged and the inside men knew not how to shoot.

CLUB V. TAMAR.

[BY "QUIZ"]

Played on the Navy "A" ground, before a good number of supporters, the Club played Howard at inside right instead of Forsyth, while the Tamar made several changes in their team. From the kick-off the pace was very fast and the Club were the first to attack, but failed to pass the defence. The Club again got down and Jones, with a fast shot, tested Wavish. The sailors then got into their stride and made for the Club goal, and a mistake by Gerrard let in Johnson, who sent Rodger with a fast rising shot and early won the game for the Tamar. After this success, the sailors never looked back. Although never hit, the Club forwards raised goals to all.

YAU MATI FIGHT.

BETWEEN SANITARY FOREMAN AND CONSTABLE.

A fight between a Sanitary Department foreman and a Wai-haiwai constable at Wai Ching Street, early this morning, was described at the Kowloon Magistracy later in the day, when the foreman was charged before Mr. E. W. Hamilton with assaulting a police officer.

The complainant, who resides at the police Quarters in Wai Ching Street, stated that the Inspector's wife dropped a mat into the street and he was sent to recover it. He went down but the defendant had picked up the mat and refused to return it. He tried to gain possession of the mat and was struck by the defendant. He himself did not hit defendant.

The Wai-haiwai Inspector said he saw defendant assault complainant with a bamboo pole.

Sub Inspector Browne, who was at the gate of the deportees shed at Yau-mati at the time, went to the scene on hearing police whistles being blown. When he arrived he saw both men engaged in a mutual fight. Witness took the defendant into custody and on the way to the police station the complainant approached the defendant and struck him in the mouth.

His Worship said that he did not propose to allow the police to be assaulted with bamboo poles, but the complainant made it difficult to do anything. He would remand the defendant till Wednesday for the mat, which was stated to have been taken by another sanitary coolie, to be recovered.

the sailors' territory, they never looked like scoring. The sailors were quicker on the ball and gave the Club defence a warm time. The Club forwards could not settle down to combination, owing to the bustling play of the sailors' middle line. The final whistle found the sailors winners by the only goal scored.

Jones worked hard to pull the game round, but received little support from the rest of the forwards line. Rodger was good in goal, although beaten early in the game. Handford, the utility man of the Tamar's team, left his usual position at back to take up the centre-half position, and he was most successful in breaking up any attempt at combination on the part of the Club forwards. The Tamar team shows much improvement.

S. CHINA "A" V. S. CHINA "B."

These teams met at Soekunpo and, as fully expected, the "A" team had a very easy win. The "A" made several changes in their side, playing five new men, while Pak-ong, the centre-forward, played in goal.

Tang Chuen-fook and Wong Shui-wa each scored three goals for the "A" team, while Tang Shui-hung scored for the "B" team. The game was watched by a large crowd of Chinese.

JUNIOR GAMES.

The game that had a direct bearing on the League was played on the Navy "A" ground between the first team of the Club de Recreio and the Surreys' Reserves. The game was well contested throughout and at the close the score sheet was blank.

At Kowloon, the Club de Recreio second team received the Surreys' Drums and a well-contested game ended in a win for the Drums by a goal to nil. On the general run of the play, the Recreio were unlucky to lose, but the Drums stayed the distance better. Mumby scored in the first half of the game.

On the South China round, the "A" team went down to the Kowloon Reserve by the odd goal in five. The visitors took the lead early in the game, Brown scoring. After the change of ends, Trumbitsky scored for Kowloon and Ip Kau, running through, scored for South China. Choi Kam-fook made the scores two goals all and up on time Brown scored again for Kowloon, who won by three goals to two.

The Club Reserves beat the Sacred Heart on the Club ground by a goal to nil. Failing to convert a penalty kick, the Club lost a good opening and when the game appeared as if it would end in a draw, Roberts scored for the home team. St. Joseph's beat South China "B" at Soekunpo by four goals to nil.

WIDOWS' RIGHTS.

CHINESE THE SAME AS ENGLISH?

The final stages of the probate case, in which Sir Henry Gollan is being asked to decide the rights of a Chinese widow according to Chinese law and custom when her husband dies intestate, were reached this morning. The plaintiff is Chan Shun-cho, widow of a doctor, and the defendant is her father-in-law who entered a caveat against her application for letters of administration.

Mr. F. C. Jenkin appears for the widow and Mr. Eldon Potter, K.C., represents the father-in-law.

The last witness in the case was the Court Probate Clerk, Mr. Kha Was, who said that it has been the practice for the last six years to grant letters to the widow. If application was made by a son, he was asked to produce proof that his mother had renounced her claim. The witness also produced files of 1890 showing that similar practice was in vogue at the time.

In his closing address for the plaintiff, Mr. Jenkin said that the evidence revolved on a question of the rights of a widow according to Chinese law and custom. By the amended defence Mr. Potter was arguing that the case should be decided according to the law existing in the Colony at the period when the Emperor of China ceded the island to Britain. It would be academic perhaps, said Mr. Jenkin, to say that that was unsound. He would have to argue that it was unsound, though it was not his case.

THE CHANGING LAW.

Why should it be necessary to go back 80 years to say what the law and custom of China is? There were before his Lordship two bodies of evidence, and both sides had claimed that their view went back to time immemorial. There was no evidence to show that the statements of the plaintiff's witnesses were references to Republic law. Mr. Potter had suggested that such was the case in his cross-examination, but each witness had refuted it. His Lordship had to look to Chinese law and custom in order to decide the case, but there was no reason why, because in a proclamation of 1843 it said that the Chinese law in regard to succession was preserved, the law existing at that time was to be law in the Colony for good. There was nothing in the proclamations to suggest that even if the law and custom of China were changed, these were fixed. The social system marched with the advance of civilisation, and it would be ridiculous to say that 1843 law and custom prevailed although it might be perfectly well-known to the Court that it had undergone radical changes. The Court was looking for the person to whom the grant should be given, and, naturally enough, it should be given to the person entitled to it according to current law and custom.

A LOWLY POSITION.

Continuing, Mr. Jenkin said it was his case that a Chinese widow was the counterpart in law of the English widow. Though there was no such thing recognised as an administrator as known to British law, as one could get on analogy, the *titul* was the counterpart of the English widow and had just the same rights in law. The mistake of the defence had been to put the Chinese woman in too low a position. "Mr. Potter suggests that she is looked upon as a chattel, though she might be co-equal of solace to her husband. That appears to exhaust the utility of the Chinese woman, according to the defence. They put her so low in the scale that she can be exterminated almost at the will of the head of the family." The defence had, however, to overcome the fact that even in the Ching Dynasty a widow was given specific rights by the written law then in force. The *Tai Ching Luk Li* clearly gave the widow the right of management of certain properties. The defence had tried to say that it referred to ancestral property, but that put them in a worse predicament, because the ancestral property was the most respected and important, and it was hardly likely that she would be granted control of that and denied similar rights in respect of property of a lesser degree.

"FAN" AND "CHAN."

There were two words he would like to point out—"fan" and "chan." The first meant "share" and the second "all the property." It showed clearly what was in the mind of the man who drafted the law.

YESTERDAY'S CHURCH PARADE.

One of the features of the recent expansion of the Volunteer Defence Corps has been the growth of the Scottish Co., and there was a large attendance at the St. Andrew's Day Church parade yesterday morning at the Union Church.

The Rev. J. Kirk Macdonald was the preacher, and his theme was the necessity for this citizen service which is shown in volunteering. In the course of a fine address, he remarked: "It is always easy to imagine what one would do if one were somebody else, so I will avail myself of that facility and say that if I went in for volunteering I would do it heartily, would not content myself with the minimum number of drills or a stationery level of marksmanship. In all the goings and doings of life there is all the difference between being content just to pass muster and being ambitious to do a thing well. The man whose small son told the teacher he was 'a Christian, but he hadn't been doing much at it lately,' is one out of too many in the nominal Christian host. I suppose it is more or less the same in all the regimentations in which our imperfect humanity is lined up, business, industry, soldiering, what not, as well as Christianity."

Mr. Macdonald then outlined the many objects of the Volunteer movement and its advantages—giving the young men something to do of an evening, bringing in its wake healthful physical exercise, good fellowship, and the sense of preparedness and responsibility. Of the Scottish Company in particular, he said: "Not just a few short miles, but a great gulf of salt water and a range of stiff mountain separate Kowloon Dock and Aberdeen. We understand it is hoped, through the corps, to develop mutual acquaintance and social intercourse amongst our Scottish nationals, enabling young newcomers to feel that somebody takes an interest in them on those lines and that they belong to a wider fellowship than just what is close around their doors, happy and helpful as that may be."

The main object, went on the preacher, was defence, not defiance, and hand-in-hand with this Volunteer comradeship they could realise the comradeship of Christianity, and in the words of the New Testament from which he had chosen his text, "endure hardness, as a good soldier of Jesus Christ."

The first part said that the widow had the right to control of her husband's share of the ancestral property, and it must be assumed that it was recognised that she had a right to the other property. That that assumption was a perfectly fair one was shown in the second part, which referred to what the widow had to give up if she remarried and here it said "all the property." She does not give up "fan" she gives up the more comprehensive "chan."

The case is proceeding.

SATURDAY'S CRICKET.

A CLOSE MATCH.

There was a very close contest in a cricket League match between the Chinese Recreation Club and the H.K.C.C. "A" team on Saturday, the Chinese losing five minutes before time. The O.R.C. scored 135 (Ng Sze-kwong 46), R.E.A. Webster taking 4 for 34 and G. H. Piercy 4 for 17. The H.K.C.C. replied with 144 for 6, to which J. D. Humphreys contributed 33, Webster (who retired hurt) 26, and F. N. Young, who was not out, 28. H. Ching took 4 for 35.

In the second division, the H.K.C.C. defeated the Navy by a wicket. The sailors compiled 123 (Miles 44), R.A. Wadson taking 3 wickets for 5 runs. The Club replied with 127 for 9 (H. Griffin 30, M. M. Watson 24 not out), Engr. Comdr. Hoop-poll taking 7 for 43.

FRIENDLY GAMES.

There were several friendly matches.

Of much interest was the encounter between the Navy and the H.K.C.C. "B" team at Happy Valley. The Club scored 210 (A.O.I. Bowker 67, G. R. More 58), Pay. Comdr. Osborne taking 4 for 21. The Navy had scored 127 for 3 (Pay. Lt. Comdr. Hargroves 31, Mid. Stephenson 58 not out) when stumps were drawn. "Mr. Extras" had, incidentally, contributed 30 already.

The K.C.C. beat the Royal Artillery at Kowloon by six runs. The soldiers scored 120 for 8 and declared (Capt. Parkes 62), J. C. Fletcher taking 4 for 24. The Kowloon eleven replied with 126 for 8 just before time (A. W. Ramsey 32, J. C. Lyle 25), Sgt. Gifford taking 5 for 44.

The Civil Service declared at 160 for 8 against Craigengower (E. C. Fletcher, retired, 60), R. C. Reed taking 4 for 41. Craigengower replied with 104 for 4.

The Royal Engineers easily defeated a K.C.C. team at Happy Valley. The Kowloon eleven scored 136 (Masters 33) Sgt. Cook taking 5 for 59. The R. E.'s replied with 186 for 6 (Corpl. Blondin 88, Sgt. Hamblin 41), J. Fraser taking 4 for 47.

The second eleven of the Civil Service played the Indian Recreation Club at Soopkurnoo, the former declaring at 137 for 7 (C. H. Beardall 40, F. L. Squibbs 38). The I.R.C. replied with 155 for 5 (J.S.A. Curran, 90 not out).

Craigengower seconds lost to an I.R.C. second eleven, with 125 (H. M. Xavier 42) to 213 (J. Cassumbhoy, retired, 53, Y. A. Wahab, retired, 42). Sirdar Khan took 4 Craigengower wickets for 21 and J.S.A.R. Ismail 4 for 13.

Police teams, Cricketers vs. Footballers, had an enjoyable game at Happy Valley. The former declared at 164 for 8 (B. Meadows, retired, 61, and J. Smith, retired, 45). The latter knocked up 180 for 6 (W. Clark, retired, 94).

CINEMA NOTES.

"THIEF OF BAGDAD'S" SUCCESS.

As a "Thief," Douglas Fairbanks excels—he is the super-thief whose methods are irresistible, for he also captures the imagination. The result of the showing of the film during the week-end has meant that many have been greeted with the "House Full" sign and have had to come again—a little earlier, which is the advice that must be insisted upon. It will not be time spent in weary waiting, for the Coronet management has provided a programme of abiding interest and superlative value.

It is a fairy story that Douglas Fairbanks gives us—a story that appeals to grown-ups just as much as it does to the young people. Everything is of surpassing beauty—the magic rug; the winged horse riding the clouds; the princess, and all the rest of the things that go to make a picture which has captured the imagination of countless numbers in all parts of the world.

"THE GREATER CLAIM."

Alice Lake, beloved little star of the screen world, will be seen by local motion-picture goers in "The Greater Claim," the Metro special which will have a run of four days, beginning to-day at the Queen's Theatre as the feature attraction.

The appearance of Miss Lake is always an event of importance, for she lends to whatever role she essays, buoyancy of youth, wonderful charm, and a great gift of acting.

STAR THEATRE'S ATTRACTION.

At the Star Theatre, we have Rudolph Valentino, who is rapidly coming to the fore and whose performance in "The Four Horsemen"—to name only one of his successes—will be remembered. Rudolph will be found in the story of "Moran of the Lady Letty," in a "some-what different" part with that usually associated with his name; but in a part which is alluring and made a man

SEALED FOR MORE LIGHT. Theatre-goers of Southbound-on-Sea are tired of piloting themselves homeward every night by striking matches along the way. Furthermore, they are even more tired of being held up and robbed with regularity. So they have filed a petition with the town council for street lamps—the first lights of this kind in the history of the city.

COST OF ELECTION.

Candidates' Expenses Nearly

£1,000,000.

A Home Office return which has just been issued giving the expenses of the 1,446 candidates in Great Britain and Northern Ireland at the 1923 election states that, apart from returning officers' charges, the election cost £982,340. As the vote polled numbered 14,523,398, each vote may be said to have cost rather over 1s. 4d.

The largest sum spent by any candidate was £1,492, by Sir G. C. Hamilton, who stood unsuccessfully in the Unionist interest for the Altrincham Division. In the Isle of Wight, Brigadier-General Seely's expenses were £1,467, and those of his Unionist opponent were £1,488. Lady Terrington, who won the Wycombe Division, spent £1,425, and the Conservative candidate there spent £1,474. In London, the largest expenditure was £1,072 by Mr. W. H. Cowan, who was returned for North Islington. Mr. Whitley, the Speaker, who was unopposed, spent £6, and Mr. Hartsorn (also unopposed), £9. Mr. MacDonald's expenses were £1,052; those of Mr. Baldwin £844; Mr. Asquith's, £743; and Mr. Lloyd-George's £507.

PARISIAN SUNDAYS.

Becoming Anglicised.

While some people, at least in this country, still dread the introduction of the "Continental" Sunday some of the French are bemoaning the "Anglicising" of the French Sunday. "Parisians who have kept the French spirit," says a leader-writer in the Temps, will soon have to spend their Sundays in London, as Englishmen used to come to Paris to escape the nightmare of their city. English people, the writer asserts, now go to the cinema and play tennis and golf on Sunday, to say nothing of frequenting tea shops. But the English who have visited French tourist resorts this year will not have found this supposed approximation to English Sunday customs perceptible. It is quite true, however, that, apart from the tourist resorts, the Sunday closing shop in France has been steadily increasing ever since the passing of law which made a rest-day compulsory in most businesses, stipulating however, not for closing on a specific day but for a six day week for employees. What has stirred up controversy afresh is the stricter application of the rest-day law by the Herriot Government.
